M Seal

The Improved Fin-Seal Weather-stripping

ABOUT US

Rochester Specialty Products has been the leader in the textiles and extruded plastics markets for more than 125 years. Our engineered products are developed to meet customer needs in home, automotive, aerospace, copier, defense, transportation, textiles and other markets.

M Seal is the only product of its kind on the market, and manufactured exclusively by Rochester Specialty Products.

BENEFITS

AAMA Certified

First window/door seal ever with certified MERV rating- has higher Bacteria Filtration Efficiency (BFE)

The first window/door seal that:

- Insulates
- Reduces air infiltration
- Reduces air microparticles
- Filters out germs, fungi, mold, mildew, bugs, dust, dirt, sound & pollen
- Aggressively protects against drafts like never before!

Fibers are mechanically entangled and act like a spring in both the X & Y direction for improved compression & recovery

Patented Product
Manufactured Exclusively by:
